She is a Christian, a member of the Dunkard Church, a highly valued neighbor and manager of her own little farm. It is not uncommon to meet men and women here who came from the Valley of Virginia seventy, eighty and even ninety years ago. East Tennessee is full of mineral water and summer resorts. They dampen a piece of flannel with Chamberlain's Pain Balm and bind it to the affected parts and in one or two days the trouble has disappeared. This same treatment will probably cure a pain in the side or chest. Mr. E. M. #### THE BOND QUESTION.

The City Will Not Default in the Payment of Interest.

The statement published elsewhere in THE TIMES about the failure in the payment of the interest on the city bonds is only partially true. The coupons have been returned unpaid, due largely to the inability to collect taxes now long overdue. Mr. Trout is not a member of the City Council, consequently could not be chairman of the finance committee, and has not been to Baltimore to borrow money for the city.

President Andrews, of the City Council, appointed the following finance committee yesterday morning: J. R. Terry, of Second ward, chairman, and Messrs. Guy, Boswell, Stevenson and Minahan. Clerk Thomas immediately notified the above named gentlemen of their appointment and a meeting of the committee was held shortly afterwards.

Conferences were held with City Treasurer Thomas, a large number of business men, and large tax-payers and arrangements were made to immediately raise the money without issuing bonds.

It is understood that arrangements have been effected for the immediate collection of '96 taxes sufficient to meet the interest. At the meeting of the finance committee the chairman was instructed to notify the banks as soon as the treasurer had the money in hand to pay the coupons, which will be within forty-eight hours. The money could be secured by an issue of bonds, but the finance committee considers the plan adopted to be preferable. The '96 city taxes are due under the law July 1, and a number of large property holders will make immediate payment.

Mr. Andrews stated that the city would be ready to announce within the next forty-eight hours that it was ready to pay all the interest.

Mayor McClelland informed a Times representative last night that the finance committee had made all the necessary arrangements and the city was ready at any time to pay all the interest on her bonds maturing the first of July.
